This correspondence is in reference to the Summary Suspension of Services issued July 31, 2013, based on a survey completed on July 19, 2013. The Division of Health Service Regulation, Acute and Home Care Licensure and Certification Section Staff, conducted an onsite follow-up survey to the previously cited deficiencies August 20, 2013, through August 21, 2013, and found the facility to have systems in place for compliance with the Ambulatory Surgery Clinic Licensure Rules and Regulations as cited under 10NCAC 13C. Therefore, the Summary Suspension of Services has been cured based on the areas of noncompliance cited in the July 31, 2013, correspondence and no longer present an imminent danger to the health, safety, and welfare of clients effective August 21, 2013.
